If you have event credit to use, your account will automatically reflect the discount. See? From \$28 to \$0! This membership level has two registrations, so I am increasing the quantity to 2. I can also use one now and one later, if I so choose.

The screenshot shows a registration form with a yellow header bar. Below the header, there is a white box containing the 'Price' and 'Quantity' fields. The 'Price' field is circled in green and shows a discount from \$28 to \$0. The 'Quantity' field shows a value of 0, with a minus button to the left and a plus button to the right. Below the white box is a green 'Continue >>' button. The form is set against a light gray background with a vertical scrollbar on the right.

Hit continue.

The screenshot shows the same registration form as before, but the 'Quantity' field now shows a value of 2. The 'Continue >>' button is circled in orange. The form is set against a light gray background with a vertical scrollbar on the right.
